

WIFE OF STOVER BREAKS SILENCE

Granted Interview Regarding Controversy Aroused Over Husband's Recall.

LETTERS FROM ROOSEVELT

Mr. and Mrs. Storer Will Not Leave Vienna Before June.

(By Associated Press.)

VIENNA, March 31.—Mrs. Bellamy Storer, wife of the retiring American ambassador, has reconsidered her decision to maintain complete silence in regard to the controversy aroused over her husband's recall. In the course of an interview today with the Associated Press she said:

"After consultation and following the advice of many of my friends, particularly those of the Marquis de Rivoli, I have decided to formally deny that I ever abused a letter of Mr. Roosevelt, as has been asserted. The President has never written me on the subject of Archbishop Ireland, except in a letter last December upon another subject. Mr. Roosevelt, when Governor of New York, wrote me a letter in 1905, to which the report presumably alludes. This letter was written to me so that I might show it to Cardinal Rampolla, then papal Secretary of State, in order to convince the Vatican of the friendly attitude of prominent Americans toward Archbishop Ireland's policy. It was all done to hold our government in its relations with the Philippines."

"I sent Cardinal Rampolla a copy of only half of the letter, because the other half was purely personal. It is all in my hands, and I will say about the matter. Neither my husband nor myself is going to include in recriminations against the President. We will wait and see what the authorities at Washington think right to publish about the matter. I have put their reasons for the recall of Mr. Storer in my hands for the right of the right being on our side."

"This letter of Mr. Roosevelt, who then was Governor of New York, dated 1905, is as follows: 'I have just received your letter. I need not say what a pleasure it would be for me to do nothing for Archbishop Ireland. You know how high a regard I have always felt for him. He represents the type of Catholicism which, in my opinion, must prevail in the United States if the Catholic Church is to attain its full measure of power and usefulness with our people and our form of government. I absolutely agree with what Judge Taft says to you in his letter of March 20th, with relation to that part of the problem which affects the Philippines, but the problem, as a whole, affects the United States as a whole. 'A reactionary or in any way anti-American spirit in ecclesiastical affairs would, in America, in the long run, result in disaster, just as certainly as in similar course in political affairs. I may add that the bigoted opponents of Catholicism are those most anxious to see triumph within the ranks of Catholicism this reactionary spirit, and the throwing out of men who have shown broad liberalism and American patriotism. I am in Madrid, and I earnestly hope that the signal devotion to the good of the country which you and Bellamy have shown will result in its proper reward and in your being transferred in the not distant future to Rome or, better still, to Paris. I have no doubt that your efforts to avoid the nomination for the vice-presidency, and concludes 'With love to Bellamy, faithfully yours, Theodore Roosevelt.'"

Mr. Storer was much improved to-day. Mr. and Mrs. Storer have resolved not to leave Vienna before June.

CABELL WILL SUCCEED WRAY KNIGHT ON MAY 1

It has been generally thought that Mr. E. Cabell, the noted appointed postmaster at Richmond, would succeed Postmaster Wray T. Knight this morning. Mr. Cabell, however, denies this. He said last night:

"I will not take office until May 1st, and I have made no appointment at all, and I hope to be able to make definite plans in a short while."

(Special to The Times-Dispatch.) PITTSBURGH, Pa., March 31.—The board of supervisors of Spotsylvania county has declared invalid the fence law, adopted last November by the board for Livingston Magisterial District. The question has caused a great deal of agitation and is now reopened for consideration at the next meeting of the board. It is expected that a large gathering of citizens of that district will be present at the meeting when the question comes up.

The Richardson Pickling Company, of this city, has just received a medal awarded it at the St. Louis Exposition. It is very handsome and of unique form.

Dinner to Prof. Sedgwick.

Professor Sedgwick left Richmond last night. A dinner was given him by Mr. J. Scott Parrish at 6 o'clock in the evening. Those present were Mr. J. Scott Parrish, Dr. Emmett G. Williams, Mr. William H. Parrish, Dr. Ernest C. Levy, Mr. William T. Donnan, Mr. Charles E. Bolling and Mr. A. Bernice Blair.

Greatest Blessing to Women Having Freckles or Pimples

MRS. L. T. SULLIVAN writes:

JACKSON, TENN., Sept. 5, 1905. "For years I was sorely afflicted with pimples, freckles and spots. I tried doctors, special diets and live medicines, and died myself for weeks, but the pimples got worse. I then used two packages of Nadinola and one of Egyptian Cream, just as directed, and now I have a clear, smooth face. I consider Nadinola the greatest blessing that could come to a freckled or pimpled face woman. Gratefully,"

NADINOLA is endorsed by thousands of other ladies who know it will remove freckles or pimples and beautify the complexion in ten to twenty days.

WOMAN SUICIDE WAS MRS. KEEVER

Became Well-Known in New Orleans After Death of Husband.

(By Associated Press.)

NEW ORLEANS, March 31.—The identity of Mrs. Kay, the New Orleans woman who committed suicide at a New York hotel on Thursday was established to-day. She was Mrs. William C. Keever, who married a son of the late Lafayette C. Keever, a prominent sugar broker, about six years ago. Young Keever, who had inherited a considerable fortune from his father, lived only a few months, and Mrs. Keever was left about \$100,000, most of which she lost by injudicious loans and extravagant living. After the death of her husband she became well known. She went to New York about three years ago.

MARINE SERVICE IN YELLOW FEVER

Establishment of New Draft Station is Limited to Four.

(By Associated Press.)

WASHINGTON, D. C., March 31.—The House Committee on Interstate and Foreign Commerce to-day completed its revision of the bill extending the duties of the public health and marine hospital service in the matter of yellow fever quarantine, and the measure is now ready for the action of the House Tuesday, when it is to be taken up as the special order. The new draft limits establishment stations to four, to be placed, with the exception of the one at Dry Tortugas, wherever the Secretary of the Treasury shall decide.

The effect of section 7, as redrawn, is to prevent interruption of through passenger or freight, but to give State authorities jurisdiction to control or prevent the embarkation of passengers or unloading of freight contrary to the regulations of the local authorities.

If You Suffer

From Germ Troubles Please Learn What Liquezone Can Do.

Thousands who were sick—like you, perhaps—are well to-day because of Liquezone. Many had doctors long. Many were discouraged because their treatments had failed. But they were treating germ diseases with remedies which do not kill germs.

We offer to buy them a bottle of Liquezone—just as we offer you. They did with it what other remedies failed to accomplish. And those countless cured ones—scattered everywhere—are now telling others what Liquezone has done.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases, by a process requiring large apparatus, and from 8 to 10 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct the making. The result is to obtain from these harmless gases powerful tonic-germicide.

The great value of Liquezone lies in the fact that it is deadly to germs, yet harmless to you. Germs live on the product when absorbed by them, store their activities. We publish an offer of \$1.00 for a disease germ that it cannot kill. But to the body Liquezone is exhilarating, vitalizing, purifying. It is helpful in the extreme.

That is its main distinction. Common germicides are poisons when taken internally. That is why medicine proves so nearly helpless in a germ disease. Liquezone is a tonic.

We Paid \$100,000

For the American rights to Liquezone, after hundreds of tests had been made with it. After its power had been demonstrated, again and again, in the most difficult germ diseases. Then we spent, in two years, more than ten times that sum to let others test it at our expense. The result is that millions of people, scattered everywhere, have shared in the benefits of this invention.

We make the same offer to you. We ask you to prove, at our cost, how much this product means to you. Let Liquezone itself show how wrong it is to suffer from a trouble that it cures.

Germ Diseases.

Most of our sicknesses, in late years have been traced to germ attacks. The list of known germ diseases now numbers about one hundred.

Some, germs in the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause edema. Directly or indirectly, nearly every serious ailment is a germ result. Such diseases call for

S. M. NEWHOUSE FOR THE SENATE

Former Delegate From Culpeper Will Stand for Senator Shackelford's Old Seat.

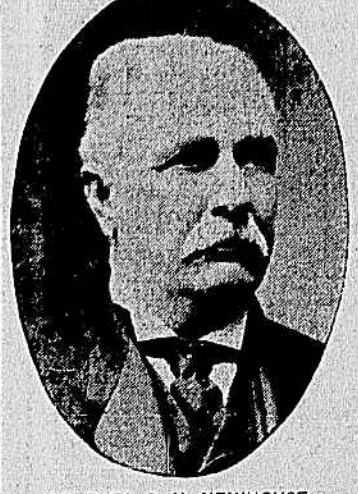

LATTER NOT TO RUN AGAIN

Culpeper Man Has Fine Record as Soldier, Citizen and Legislator.

(By Associated Press.)

Colonel S. M. Newhouse, of Culpeper, is perhaps the first Democrat in the State to announce his intentions of becoming a candidate for the Legislature of 1908. Colonel Newhouse has decided to stand at the proper time for State senator from the Fifteenth District, composed of the counties of Culpeper, Madison, Rappahannock and Orange, the seat now being filled by Senator George S. Shackelford, of the latter county, who does not desire re-election.

"Mort" Newhouse, as he is called by

COLONEL S. M. NEWHOUSE.

his myriad friends, is perhaps one of the most widely known and popular men in the Piedmont section of the State.

In war, as in peace, he has served his country faithfully, and has rarely sought honors at their hands in vain.

Colonel Newhouse served with distinguished gallantry throughout the Civil War as a member of the Little Rock Rangers, a dashing arm of the famous Fourth Virginia Cavalry, and his old comrades say of him that he was as brave a soldier as ever sat a steed or flashed a blade in battle.

Since the war he has devoted himself to farming and cattle breeding, and in later years has been a most successful cattle broker. Colonel Newhouse was, under Mr. Cleveland's second regime, an officer in the United States revenue service, and in this capacity was thrown intimately with the people he now aspires to represent on the floor of the Virginia Senate. In Culpeper county he is known and loved of all men, and they have often honored him with their votes and confidence. He has been commissioner of the revenue for one of the districts, and represented his people with credit and distinction for two terms on the floor of the House of Delegates.

For His Old Comrades.

While in the Legislature, Colonel Newhouse had two "hobbies." One was more pensions for the maimed and crippled heroes who fought with him in the cause he loved; and the other, the improvement of conditions at the various humane institutions of the State, he having long been the chairman of the House Committee on Asylums and Prisons.

At present, and for the past two sessions, he has been the door-keeper of the House, and even now the echoes of his clear voice can almost be heard by the members, as he daily exclaimed "Too much confusion on the floor; visitors must retire to the galleries."

Colonel Newhouse is a man of fine manner and personal appearance, and is easily the Chesterfield of the Legislature. His friends believe he will come to the Senate with ease, and his experience in the lower branch, and with public affairs in general will make him at once a valuable member.

He holds that he is related to a large portion of the district, and humorously put it on this ground.

Dr. W. B. Rogers, of Culpeper and Rappahannock is her daughter; therefore, Rappahannock is my sister, and I feel sure any mother and sister will stand by me.

Fine Hotel for Norfolk.

(By Associated Press.)

NORFOLK, Va., March 31.—A modern, elaborately-finished, thoroughly fireproof hotel building, costing \$400,000, will go up on the Main and Randolph streets, corner of the Atlantic hotel, and a new building at Main and Granby streets.

O. D. Jackson, who recently acquired the Atlantic hotel property, definitely announced to-day his purpose to build a hotel that would have no superior in this section of the country, and work will probably begin between May 1 and 15.

The new hotel will have between 400 and 500 rooms, and when asked as to the cost Mr. Jackson stated that speaking in round numbers it would reach about \$1,000 a room.

MEDICAL EXAMINERS OF NEW STATE BOARD

All Except Two Were Members of the Old Board.

(By Associated Press.)

Governor Swanson announced yesterday the following appointments of the medical examiners of the State board: First district, Dr. H. M. Nash, Norfolk; second, Dr. H. C. Lippard, Portsmouth; third, Dr. W. W. Wilkinson, Norfolk; fourth, Dr. H. C. Lippard, Portsmouth; fifth, Dr. H. C. Lippard, Portsmouth; sixth, Dr. H. C. Lippard, Portsmouth; seventh, Dr. H. C. SEABOARD OFFICES.

Norfolk Wants Conference of Railroads on Union Station Plan.

(Special to The Times-Dispatch.) NORFOLK, Va., March 31.—A committee of business men from Portsmouth met President James M. Barr of the Seaboard Air Line in his office here this afternoon and urged him not to move the general offices of the road from Portsmouth to Norfolk. No statement has been made regarding the outcome of the conference, but Mr. Barr stated that nothing has yet been decided regarding the location of the offices.

The Seaboard's general offices in Portsmouth were burned a month ago, and since that time the office of President Barr and several others have been in the National Bank of Commerce building, this city.

President T. E. Johnson, of the Norfolk and Western Railway, has advised the Union Station Committee of the Chamber of Commerce that he will be in Norfolk Wednesday, and will meet the committee in conference on the problems of the road as they affect Norfolk, and especially for discussion of the union station proposition.

At a later date the committee will make an effort to secure a general meeting of officials of all roads entering Norfolk to discuss the union station.

The Norfolk and Western holds one of the keys to the situation, as it may be able to transfer the "Tide-water" in its effort to get through Johnson Park to its property on East Main Street, where it proposes to locate its station, which the business interests of the city are trying to have converted into a site for a union station.

CHILDREN BURNED.

Coal Oil Explodes and Sets Their Clothes Afire.

(Special to The Times-Dispatch.)

CLAREMONT, Va., March 31.—The seven-year-old daughter of Mr. C. C. Forbes of Tomahund, Charles City county, is dead as the result of lighting a fire with kerosene, and her two-year-old sister is not expected to live.

E. C. Forbes is a ship carpenter in Hampton, but his wife and two children lived on the farm belonging to P. C. Edwards.

Yesterday afternoon Mrs. Forbes left the two children at home while she went to the store, and left a kerosene lamp lit, to procure some groceries. Half an hour later her two children were seen coming up the road, their clothes being literally burned off their bodies.

Both fainting on reaching the house, it developed that the children had attempted to light a fire with the kerosene, when the can exploded and set fire to the house and children's clothing, but the elder girl tried to save her baby sister, and though badly burned, started out to seek her mother.

Dr. Howard, eighteen miles away, was summoned, but without avail, the child dying four hours later in agony. The house and all contents were destroyed.

The funeral of the little victim took place to-day.

WILL HAVE NO STRIKE IN PITTSBURG DISTRICT

(By Associated Press.)

PITTSBURG, Pa., March 31.—Coal operators and miners here returned to-day from the Indianapolis convention gave assurance that there will be no strike in Pittsburgh district this year.

Patrick Dolan said the men would go to work as usual on Tuesday morning, and the board of directors of the Pittsburgh Coal Company, who fought for more than a week to prevent an industrial war, said operations at their mines would not cease for a day. All the independent operators expressed their pleasure over the board's reports.

Heart and Lung Trouble

MRS. MARY HORN-LOCKWOOD.

Mrs. Mary Horn-Lockwood, who could not lie down on account of coughing and smothering spells is restored to strength and health by Duffy's Pure Malt Whiskey. "After doctors and medicine failed to help me, Duffy's Pure Malt Whiskey saved my life, and I never felt stronger or better than I do to-day." The grateful lady writes:

"It gives me pleasure to have you use my photograph and testimonial in behalf of Duffy's Pure Malt Whiskey, which saved my life when two of the best doctors had given me up to die, and declared that no medicine could help me. I was taking Duffy's at the time, and kept right on, as I had great faith in the wonderful curative powers. I had lung trouble and a weak heart, and for six months was unable to lie down at night on account of coughing and smothering spells. I was reduced to ninety pounds, and was going into consumption. The impression of both my friends and the doctors being that I could not live. Despite their opinion, I gave up medicine, and after taking four bottles of Duffy's my condition was greatly improved. This was in the Fall, and I continued the use of your grand medicine all winter, the result being that by Spring I weighed 125 pounds, and after taking twenty bottles my health was fully restored and I never felt stronger or better in my life. I advised a number of friends who had heart and lung trouble to take Duffy's, and it never failed to cure them."—MRS. MARY HORN-LOCKWOOD, 849 Silver Avenue, Indianapolis.

ITALIAN BARK GOES ASHORE

Crew of Eleven Men Saved by the 'Breeches' Buoy.

(By Associated Press.)

NORFOLK, Va., March 31.—The Italian bark Antonio, Captain Longobardi from Paysandu, Uruguay, with a cargo of bones for Alexandria, Va., stranded a half-mile southeast of the Cape Henry Life Saving Station, 1,000 yards off shore at six o'clock this afternoon. A fog stood over the water and a stiff gale was blowing at the time. The crew of eleven men have been rescued by the life savers.

Reports from the vessel are to the effect that she is not leaking and it is expected that the Merritt and Chapman wrecking steamer Rescue, which was sent to the assistance of the distressed vessel shortly after it went ashore, will get it safely afloat. The vessel is of 495 tons.

The United States cruiser Denver arrived at the navy yard at 9:30 o'clock this morning, coming up from Hampton Roads for repairs, which, however, are not to be extensive. The Denver is ordered to transfer the crew of the cruiser Olympia, Dewey's flagship, to the receiving ship Hancock, at the New York navy yard, after which the Olympia will go out of commission.

The Finance Committee of the Norfolk City Council decided to recommend for the present year, a reduction of 5 cents on the tax rate, instead of the reduction of 10 cents, which had been contemplated. It was found that the demands of the city would not permit of more than 5 cents. The committee hopes to recommend another reduction of 5 cents next year.

In addition to the city tax of \$1.50 this year the State tax will be 35 cents, making an aggregate of \$2.

The Merritt and Chapman wrecking steamer Rescue, which has been at work on the British sailing ship Clyde, ashore near Cape Hatteras, returned to Norfolk this morning for repairs.

Norfolk this morning for repairs. The ship was in fairly good condition and it is expected that the ship can be saved. The weather has been severe on the Hatteras coast for the last ten days, and as a result but few boats are floating. The Clyde has been towed ashore.

The Rescue will return to the wreck probably to-morrow.
